# CHINESE MINISTER S. ALFRED SZE, ONGE STUDENT IN CAPITAL

Great Success Predicted For Him-Will Arrive In About Two Weeks.

Interest in the new Chinese minister to the United States, S. Altred Sze, who will succeed Chang Yill Tang, who has held this post-since December 21, 1909, and who has been fecalled, is being shown in Washington, especially in dip-lomatic circles, owing to Mr. Sze's for-mer residence in this city.

The new minister will not reach his Washington post for two months yet, according to a statement made today by Secretary Chung, of the Chinese lega-tion. "It will take him at least thirty days to make the tiff to America." he said. "Mr. Sza must have a menth or so in which ato wind up his affairs in

The present minister is in Mexico on business relating to the settlement of claims for deaths and property losses during the revolution. He undoubtedly will return to Washington before the arrival of his successor."

Has Relatives Here. A brother and sister of the newly appointed minister reside in Washington at 2750 Pourteenth street northwest. The brother, Tsannyoen Sze, is a second-year medical student at the George Washington University, where he is well

Washington University, where he is well liked. "The sister, Miss Alice Sze, also is popphar in Washington.

Mr. Chung declined to comment on the change in minister, ordered at Peking, but the general atmosphere at the legation today was one of pleasure at the news. While Chang Yin Tang is greatly liked by his subordinates it is felt by them that the new minister, because of his Washington education and perfect English—Mr. Chang Yin Tang cannot speak a word of it—will be a great success as minister to this country.

On the other hand, what satisfaction may have been felt for this reason was more than tempered by the success of the Chinese revolutionists. Secretary Chung spoke as hopefully as he could, but did not look cheerful.

"The situation is bad," he declared. "It is a bad situation, indeed, and it will take a long time to quell the trouble. The empire is such a large one that the imperial government, is greatly handicapped in getting troops from one part of the towntry to a far distant part. At the best, we do not look to see the trouble ended for a long time."

How to Pronounce Name. It is panounced at the legation that

do with the revolution, but was determined upon before the revolution began The new minister took the name of Affred when he became a student at the Central High School in Washington. His real first name is Shaochi. His surname, Sze, is pronounced, according to Secretary Chung, much like "see," only the "z" is sounded a little. The new minister was a cadet officer, a pupil of democratic habits and tastes, anad quite popular with fellow students. He entered the school in 1892 and went from popular with fellow students. He entered the school in 1892 and went from here to Cornell University, where he was staduated in 1901. Mr. Eze is only thirty-five years of and and is the youngest man ever designated to serve his country as minister to the United States. Mr. Sze now is serving his country as senior deputy vice minister of foreign affairs. He has been a specialist in economics and is familiar with those currency and railroad quiestions which are ambing the chief subjects of ag the chief subjects diplomatic exchanges between the Unit-ed States and Canaca. When Prof. J. W. Jeffes, Cornell's noted economist, went to China some years ago Mr. Sze was associated with him in connection with the proposed loan for the reforma-tion of the Chinese currency system.

### Political Press

# Bureaus Begin Work

These are the days when the political press bureaus are beginning to work overtime. They will run day and night shifts from this time forth until a year from November.

The Woodrow Wilson publicity cam-paign is being wased with more clever-ness than any of the others on the Dem-

Par from attacking either Governor Harmon and Chanto Clark, the men who are seeking to get the name of the sovernor of New Jersey at the head of the list as a Presidential candidate are devoting much attention to saying nice things of them. Especially is this true of Governor Harmon. The Wilson press bureau is taking care to make public the good things said of Harmon in Republican newspapers and in conservative Democratic papars.

Democratic papers and in conservative Democratic papers.

The purpose, of course, is to try to impress on Democrats the fact that the friends of Mr. Taft would like to see Mr. Harmon nominated.

Governor Harmon's press bureau is talking chiefly of his record as governor of this Chemp. of Chio. Champ Clark professes to have no press increas, but somehow a lot of matter, real ordered and arranged for the boosting of the case of the Speaker is finding its way into print.
